

Blick and M-I Swaco are proud to present our two day Vertical Drilling Fluid School.

# VERTICAL MUD SCHOOL

## 30–31 May 2023

This seminar is for **drillers** working in **waterwell, geotech, mineral coring** or **construction**.

### THIS COURSE WILL HELP YOU UNDERSTAND THE FOLLOWING:

- Discussion on bentonite and polymer differences, and proper uses
- Proper testing, and reasons why we run mud tests
- Proper mixing and handling
- Product applications for specific drilling conditions
- Fluid systems for different soil conditions
- Borehole calculations and drilling methodology

### MEET YOUR TRAINERS:

**Presented by Sam Rowdon** (HDD Project Lead for Asia and South Pacific, M-I Swaco). Sam is a qualified civil engineer and qualified industrial and oilfield fluid engineer.

*Supported by Blick technical experts  
Tim Babbage, Jon Speedy & Clay Adams.*

### EVENT INFORMATION:

#### Cost:

- Non-Blick customers: \$1200 + gst per person
