

MINIRIG™ HDD SWIVELS

The “MINI RIG” range offers the directional driller a high quality swivel at a competitive price. Using all our big swivel expertise we have engineered a range of compact and durable swivels for the cost conscious operator.

FEATURES

- Patented sealing system keeps bentonite out but allows power greasing
- Shaft & clevis made from single steel billet - gives maximum strength and durability
- Clevis to clevis design
- Sizes – US Tons 10, 15, 20, 30
- Easy access side grease nipple

 Need a heavier duty swivel? We supply 44-550 US TON maxi swivels to order.

Product #	Swivel	Part No.	SWL lb	SWL kg	L	Ø	A	B	C	D	A/F	M	kg
1930102	10 US Ton	11-010	20,000	9000	345	80	38	67	25	25.4	17	m20	9
